

Ping Pong Rules

1. Games will play to 15 points. (Must win by 2 points)
2. Change serve at 5 point intervals.
3. Ball may only hit one time on each side of the table.
4. Points are accumulated on a Rally Point system.
(When one person misses the ball, the other person scores whether serving or not.)
5. When the serve hits the net and goes on over, it is a net serve and will be re-done. Two nets in a row equals the loss of a point.
6. You must hit the paddle first on a serve. No bouncing the ball on the table and then serving it. This is an illegal serve and will result in the loss of a point.
